

## WELCOME TO THE 2023 UMBRA CATALOG

I am pleased to see that most of the world has emerged from the pandemic and is re-engaging with their lives and activities.

For over forty years I have travelled the globe to work face-to-face with our colleagues and customers, so the last two-and-half-years interruption was quite frustrating and dearly missed. I am glad to report that this past fall, I was able to once again connect with our North American colleagues in person and had the opportunity to visit our teams in South America, Mexico, Europe, and Asia. Despite post-COVID disruptions and inflation difficulties, it was wonderful to see people out and about enjoying themselves once again.

Although we have overcome so much, we're continuing to face lingering challenges that are disrupting the global economy. In my travels I noticed a significant lack of new and exciting home products.

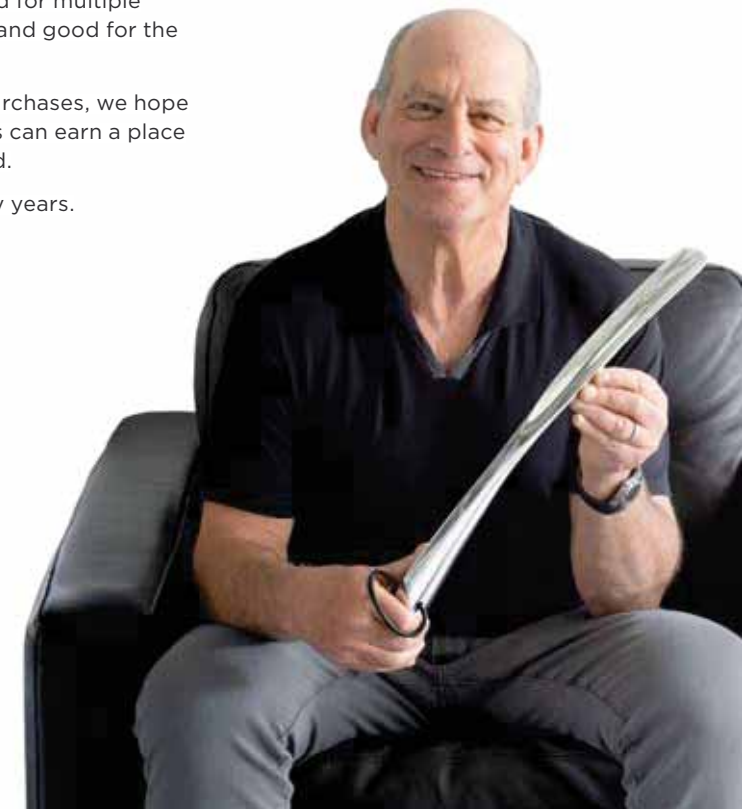

Perhaps that's the effect of lockdowns, and the uncertainty many businesses faced. That is why I am especially proud that our team at Umbra has continued to introduce great new products, featured in this catalog. You will see now, and in the coming years, a more focused collection of new offerings that are thoughtfully designed for the planet with more sustainable and higher value materials. Many of these pieces are made to last and intended for multiple uses and places in the home. This is good for you, and good for the environment.

As we all are becoming more mindful about our purchases, we hope that Umbra's stylish, original, and practical designs can earn a place in your homes and favorite stores around the world.

Thank you for your continuing support for so many years.

Les Mandelbaum  
President & Co-Founder of Umbra

# UMBRA’S DESIGN STUDIO

We live it. We breathe it. It’s in our soul. We start with inspiration and end with innovation.  
We make everyday things beautiful and functional. Meet our team of talented designers:

MATT CARR

SUNG WOOK PARK

HENRY HUANG

AINE O’NEILL

JENNY SUH

ERICA STEVENS

SEYMER CRUZ

SUSTAINABILITY PLEDGE

Making more responsible choices for the earth begins with thinking about our long-term footprint which is why Umbra has pledged to Design for the Planet™.

This is our commitment to ensure that we practice thoughtful and sustainable design as we continue to create original, modern, casual, and functional products that are made to last for years of enjoyment.

Below are some of the steps in our journey to becoming a cleaner, lighter, and more ecologically responsible company.

Learn more at [www.umbra.com/pages/sustainability](http://www.umbra.com/pages/sustainability)

PACKAGING IMPROVEMENT

LESS PACKAGING WASTE

Part of our sustainability pledge includes reducing waste in our packaging process.

By replacing bubble bags, Styrofoam and EPE (Enhanced Polyethylene foam) with recycled tissue paper and recycled paper inserts we eliminated 80% of the single use plastic components in our packaging.

Additionally we are transitioning OMNI boxes to recycled kraft corrugate and away from white laminated boxes. By making this simple change we were able to eliminate 9000 m² of plastic lamination annually.

**RECYCLED PLASTIC**

More than 80% of our plastic products will be made with recycled material.

More than 55% of our plastic products are made with recycled, non-virgin plastic and additional products are continuously in transition. Umbra's objective is to transition at least 80% of our plastic products to be made from recycled material.

**RENEWABLE WOOD**

100% of our wood products will be harvested from renewable sources.

More than 65% of our wood products are sourced from fast growing replenishable wood species such as Poplar, Paulownia, Bamboo, Eucalyptus, and Rubberwood with additional products already in transition. In 2023 we released our first product with FSC certified wood.

**ECO-FRIENDLY FINISH**

New ecofriendly finishes on our curtain rods produce 85% less solid and water waste.

We have transitioned more than 80% of the surface finishing on our metal products, including 90% of our window hardware line, away from harmful electroplating processes toward eco-friendly painting and powder coating alternatives. In doing so we are contributing 85% less solid and liquid waste to water systems.

**OMNI PACKAGING**

Safe-to-ship brown corrugate design with robust interior protection. Shippable box with shipping label applied on top.

New look

Existing - phasing out

**RETAIL PACKAGING**

A variety of open stock packaging styles designed for retail display. Additional protective packing is required when shipping for e-commerce.

New look

Existing - phasing out

**OMNI REMAILER PACKAGING**

Branded brown box with no product images for item codes ending with -REM. Primarily for e-commerce customers. Shippable box.

New look

Existing - phasing out

THE UMBRA STORY

Umbra had it start in 1979 with the launch of a single window shade. Co-founders Les Mandelbaum and Paul Rowan recognized that there was a need to create modern designs that would be accessible in both price and attitude.

Based in Toronto, Canada, Umbra (Latin for “shade”), has become a global leader in product design and currently distributes in over 120 countries across the world with additional offices in Europe, the United States, Brazil, and China.

Umbra was born out of passion for original design and the desire to create products for every home. At Umbra, our team of international designers brings thought and creativity into everyday items. Driven by innovation, we pull inspiration from the global marketplace, to push boundaries in our approach to original design.

In 2007, Umbra opened its flagship store located in downtown Toronto. This uniquely engaging space showcases the brand's entire product collection and welcomes visitors from all over the world who are seeking to connect to our original products and meet our talented group of product designers.
