WOODEN HANDLES & KNOBS

VONSILD
BY FURNIPART

NATURAL ELEGANCE

The beauty of real wood, the skill of true craftsmanship and a love for detail all unite within VONSILD. We welcome you to a world of handles that are practical, authentic and natural to the touch. VONSILD pays homage to nature which forges a connection between design and functionality. Each handle carries a story of genuine craftsmanship and devotion to the unique character of wood.

DESIGN PHILOSOPHY

VONSILD believes in the magic of wood and the versatility it brings to the world of design. We see wood as more than just a material; it's a source of inspiration, warmth, and authenticity. Our design philosophy revolves around embracing the natural beauty of wood and showcasing how it can enrich any space and enhance any piece of furniture.

THE ESSENCE OF WOOD

Wood is more than just a material; it is a story, a life force in our homes, and at Vonsild our wood finishes carry the timeless beauty and warmth that wood brings into our lives. We present five wood finishes, each with its own character and contribution to our story. These finishes are more than surface; they are an insight into the beauty and history of nature, as they infuse warmth and timeless charm into your home. Experience Vonsild's wood finishes and let the properties of real wood create an atmosphere of authenticity in your living space.

UNTREATED OAK

Nature at its most honest, Oak - Untreated radiates authenticity and truthfulness. The untreated surface allows for personal customization by adding oil, varnish, or paint. This creates a unique piece of furniture that makes a true statement.

CLEAR LACQUERED OAK

Oak - Clear Lacquered, gives you the natural beauty of oak in its purest form. The distinctive grains and patterns of oak are ever prominent, as the hues range from lighter to deeper brown tones. The silk-matte lacquer enhances the oak's distinctive patterns and colour variations while providing a protective surface that copes with everyday wear and tear.

DARK BROWN OAK

The Oak - Dark Brown finish radiates with its deep and captivating character. The dark brown colour penetrates deep into the veins of oak, creating an enchanting contrast between light and dark shades. It adds a depth of character to every piece of furniture, turning it into a beautiful and functional work of art rooted in the magnificent history of wood.

CLEAR LACQUERED WALNUT

The deep and rich hues of walnut are superbly presented with the Walnut - Clear Lacquered finish. Walnut's dark brown colour and distinctive grain brings a warmth to all furniture around the home.

STAINED BLACK ASH

Ash - Stained Black adds a profound and captivating dimension to your furniture. The deep black colour penetrates the veins of the ash wood, creating an intense visual effect that immediately catches the eye and adds a sophisticated elegance to any space. This finish offers a bold and modern expression, ideal for those looking to create a dramatic ambience in their decor.

A TRIBUTE
TO RAW BEAUTY

UNTREATED OAK

In a world constantly in pursuit of the next technological wonder and refined design, there is something incredibly refreshing about turning back to nature. Nature possesses its own unique beauty which can only be achieved with an undisturbed creative process over millions of years.

Bring an element of nature back into your home and experience this natural authenticity with VONSILD's untreated handles. Each untreated VONSILD handle has a unique story to tell in the texture of the bark, the strength of the wood and the history within the grain. It is a tribute to natural beauty in its most purest of forms.

Untreated handles also possess a unique aura as they invite nature into our homes and transform our surroundings into a harmonious extension of the natural world. We are reminded of our roots, our connection to the Earth, and the simple yet precious beauty that surrounds us.

Untreated handles are not only aesthetically appealing, but also offer a tactile experience that connects us with the essence of wood and the nature which surrounds us. VONSILD untreated handles can be experienced in their natural state, and each handle carries the unique story and qualities embedded within their fibers. However, with the ability to add further customisation, one can choose how to accentuate the nuances of the wood and make their handles the perfect companion to their home.
